## **Customer Reviews**

My son often finished his homework early, so I bought this comprehensive workbook for him to add some extra practice. This book is common core aligned with a full 40 weeks of activities. It provides the perfect standards-based activities for each day of the week, and reviews essential skills during a

four-day period and assess on the fifth day for easy progress monitoring. My son did 10-minute practice everyday and completed a weekly assessment all year long. Sometimes he did language arts exercise, and sometimes he did math practice. I am so glad that all the fourth-grade essential skills are included in one convenient book. For a benchmark, you can use Beestar online tests to compare your child's performance with others. My son's skills improved significantly with this book. This sign of improvement can give my son the confidence to succeed in language arts and math, which can help him learn to enjoy study more. I'm glad I bought this excellent book.

This is a great product for reinforcing academic skills!

An easy spiral review for my students.
