# Clinical Behavior Therapy, Expanded

## Synopsis

Critical Acclaim for Clinical Behavior Therapy "This book will be helpful not only to those who regard this [cognitive-behavior therapy] as their primary orientation, but to anyone who wants to be a complete therapist." --Allen Frances, MD Duke University Medical Center "This classic text was a distinct favorite among the students enrolled in my clinical assessment and treatment courses. I hope the updated edition will be read by graduate students in clinical and counseling psychology, social workers, and all mental health professionals who wish to be truly effective therapists." --Arnold A. Lazarus, PhD Rutgers University ".particularly innovative and impressive. Their lucid description of cognitive variables. broadens the range of interventions available to the behavioral practitioner." --Sheldon Rose, PhD University of Wisconsin School of Social Work "A classic--updated. I recommend it not only for behavior therapists but for any clinical practitioner of any profession who is looking for procedures that work." --Joel Fischer, DSW University of Hawaii at Manoa

## Customer Reviews

Anyone interested in CBT will enjoy this read. It is informative and offers plenty of tips and techniques about behavior therapy as well as examples. I have enjoyed other books on the topic a little better but this book was enjoyable as well.

On time and just what I needed

It was okay for class.

The book came in a timely manner and arrived in new condition exactly as I ordered it. Very pleased.
