Customer Reviews

Good to know these things....Since doctors are just doctors...you should check it out really good reading stuff for sure and it is healthier too...

This was very helpful in my time of need. This book did explain stuff other reading material was too intricate about. It supported me through two surgeries along with medical support and a wonderful wife. I would recommend it as one to read if you have colon CX.

A good guide on the basics of what colon cancer is and what it does to human body. Very readable.
